Dear Mr. Braxton,

American Consolidated Mining Company hereby submits notice of intent to do bulk sampling of the tails located on the Reaper #3 (Patent #6251) and the Rex (Patent #5701) claims. These claims are located adjacent and directly south of the Yellow Hammer, permit #E/045/052, and belong to American Consolidated Mining Company.

The area involved is much less than five acres. The Rex tailings are approximately thirty feet from the road running between the Yellow Hammer and Clifton. The Reaper tailings are located adjacent to the Reaper mine workings and are accessible by well traveled roads on the property.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Wm D Moeller'.
